

## Barbarian Profession

By Chris Jarnagin and ICE irc channel

The barbarian is unparalleled in combat, making the most of his lifelong training in weapons. Many barbarians come from the nomadic northern tribes where they learned how to survive on their own in the wilderness. Fierce warriors, they shun armor and the studies of magic and arts.

**Key Stats:** Strength, Constitution & Quickness

**Professional Abilities:** All Barbarians gain the ability to rage, which gives them 2x the normal concussion damage, +20 to OB, -20 to DB, the ability to ignore -20 in penalties and 3 rounds of accumulated stun, for 1 round per Barbarian level.

Beginning at first level, and then every fifth level afterwards (5th, 10th, etc.), Barbarians gain a +10 bonus to any weapon skill of their choice. No weapon skill can have more than a +30 bonus from this ability.
