Death, Destruction & Mayhem... the Way of the Warrior!

How do monsters and magic affect weapons, armor, and fighting styles? *Martial Law* breaks new ground in the field of fantasy role playing combat rules. *Martial Law* expands the fast, dramatic combat of *HARP* (*High Adventure Role Playing*) to include detailed hit location criticals.

Martial Law also includes a section on creating and playing warriors in fantasy settings and cool new moves and equipment for fighters. Fully compatible and useable with *RMFRP* (*Rolemaster Fantasy Role Playing*).

Are you tired of adventuring long hours for little reward? Have you had your fill of bland, rigid rules? *HARP* has the cure for your Adventuring blahs:

- Fast, Exciting Character Creation
- Free *HARP* Character Generation Software
- Combat that leaves you breathless.
- Everything you need to play in one book.
